

Product Description

Products Introduction of the Hanging Decorative Metal Lanterns For Wedding

Hanging Decorative Metal Lanterns for wedding are made of stainless steel and tempered glass. For the stainless steel, we use SS430 which is around 0.7mm thickness to make it. For some components we will use different thickness of the stainless steel because of the construction requirement. For the glass, we use the tempered glass, which is around 2.6mm thickness. And for the round glass tube, we use 2.5mm borosilicate glass tube. Product surface treatment can be made in different colors according to customer requirements. And the metal lantern has different sizes for your to choose.

Products specialization of the Hanging Decorative Metal Lanterns for wedding
