

Shiny Gold Plated Indoor Metal Lantern

Fordico are engaged in the export trade of candle holders, garden lanterns, home accents wall decor and etc. With an experienced and dedicated staff team. we have satisfied customers all over the world, like U.S., Denmark, Germany, etc. Each season we present new handcraft items with our own design and exists to produce high-quality handicrafts to maintain a competitive edge in the industry and keep up with market demands. Shiny Gold Plated Indoor Metal Lantern are the best-seller products in our factory. The product surface is plated with gold, which can effectively prevent rust. The plating color can be changed as customer require.

Product Description

Products Introduction

Shiny Gold Plated Indoor Metal Lantern are made of stainless steel and tempered glass. For the stainless steel, we use SS430 which is around 0.7mm thickness to make it. For some components we will use different thickness of the stainless steel because of the construction requirement. For the glass, we use the tempered glass, which is around 2.6mm thickness. And for the round glass tube, we use 2.5mm borosilicate glass tube. Product surface treatment can be made in different colors according to customer requirements. And the metal lantern has different sizes for your to choose.

Our metal lanterns let the flicker of candlelight take center stage. Solid sheet metal frames feature broad panels of clear glass. Fitted with handles, the lanterns can be easily transported to cast a warm glow where needed.
